FYI, I am sending these files out on behalf of Ceci. I will likely be submitting these tomorrow and Sunday as well.

Please find attached the chronology reports documenting START's response efforts through 14 August 2015.

Today, Friday 14 August 2015, START received TDD No. 1/Weston-042-15-018, with a budget of \$6000 which covers costs associated with the new command post location in Farmington, NM.

We plan to continue to submit these reports daily.

Please let me know if you have any questions.
